Alexa Voice Service Sample App Security Profile
We will provide Alexa Voice Service Sample App Security Profile:
• Connectivity to Alexa so that you can interact with it using your voice.
You will accept: All Amazon terms found here
Alexa processes and retains audio and other information in the cloud to provide and improve our services, and may exchange information with third party services to fulfill your requests. Learn more. Alexa also allows purchasing by voice using your default payment and shipping settings. You can require a speakable confirmation code, turn purchasing off, and see product and order details in your Alexa App. Learn more. Your music will be saved to the cloud to protect your purchases.
